2. COMPOSITION & INGREDIENTS

INCI name	Acid, Sodium Lactate, Sodium Bicarbonate, Zinc Coco- Sulfate, Zinc Citrate, Sodium Fluoride, Centella Asiatica Extract, 2-Bromo-2-Nitropropane-1,3 Diol, Sodium Saccharin, Eugenol, Limonene, Geraniol, CI 42051, CI 47005
------------------	--

3. HAZARDS IDENTIFICATION

Warning from Product Label:	<i>avoid swallowing. Keep out of reach of children. Do not use on children under 6 years of age. Close the bottle immediately after usage. The post-opening period is expressed in months and concerns the product correctly kept and in normal, foreseeable usage conditions. Suspend usage if allergic reactions occur.</i>
Fire and Explosion	<i>Expected to be non-combustible</i>
Health Handling	<i>this product in its final form presents minimal risk from occupational exposure. Health effects information is based on hazards of components</i>
Environment	<i>No information is available about the potential of this product to produce adverse environmental effects.</i>
Emergency Overview	<i>This product may produce transient eye irritation. Ingestion of small amounts may cause nausea, vomiting, and mild GI irritation;</i>
Potential Health Effects	<i>Eye: May produce transient superficial eye irritation. Skin: N.A. Inhalation: NA Ingestion: ingestion of large amounts may produce signs of stomach irritation.</i>
Acute Health Effects:	<i>From MSDS Inhalation: IRRITANT. Inhalation may cause moderate irritation. Inhalation may also cause headache, numbness, incoordination, and changes in visual acuity. Eye Contact: IRRITANT. Eye contact may cause moderate irritation. Skin Contact: This material is not irritating to the skin under normal conditions of use. Ingestion: Ingestion may cause headache, numbness, incoordination, and changes in visual acuity. Medical Conditions Generally Aggravated by Exposure: None given.</i>

4. FIRST AID MEASURES

Eye	<i>Rinse thoroughly with water.</i>
Oral irritation	<i>Discontinue use, See MD if symptoms persist</i>
Skin	<i>Rinse with water. Using appropriate personal protective equipment, remove contaminated clothing and flush exposed area with large amounts of water. Obtain medical attention if skin reaction occurs, which may be immediate or delayed.</i>
Ingestion	<i>Seek medical attention if > 25 ml/kg is ingested.</i>
Inhalation	<i>NA</i>

5. FIRE FIGHTING MEASURES

Flash Point & Method	<i>NK</i>
Explosive Limits	<i>NK</i>
Fire and Explosion	<i>Not expected for the product, although the packaging is combustible.</i>
Autoignition Temperature	<i>NK</i>
Flammability Classification	<i>Non-flammable</i>
Hazardous Products of Combustion	<i>None known</i>
Extinguishing Media	<i>Use water spray, dry chemical, alcohol foam or CO2 No special instructions</i>
Fire Fighting Instructions	<i>Use water to keep fire exposed containers cool.</i>
Other Fire Fighting Considerations	<i>None Known</i>
Procedures For larger amounts (multiple packages/pallets) of product	<i>If possible, contain and collect firefighting water for later disposal.</i>

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	<i>Avoid eye contact and/or prolonged skin contact</i>
Environmental Precautions	<i>take precautions to prevent entry into waterways, sewers, or surface drainage systems.</i>
Procedures for Spill/Leak Clean-up	<i>Dilute with water. Perform waste disposal in compliance with all applicable regulations. Flush down sewage with large quantities of water..</i>
Decontamination	<i>No specific decontamination or detoxification procedures have been Procedures identified for this product.</i>

7. HANDLING AND STORAGE

Precautions for Safe Handling	<i>No special control measures required for the normal handling of this product. Normal room ventilation is expected to be adequate for routine handling of this product. Avoid eye contact and/or prolonged skin contact. MSDS: Store in a cool, well ventilated area away from heat, sparks, open flame and incompatible materials. Store in suitable labeled containers kept closed and protected from damage. Have emergency equipment (for fires, spills, etc.) readily available.</i>
	<i>Use good personal hygiene and work practices. Avoid skin and eye contact. Wash hands before eating, drinking, smoking or using toilet facilities.</i>
Conditions for Safe Storage	<i>Handling/storage area should be well ventilated, cool and dry</i>
Other Recommendations	<i>None</i>

8. EXPOSURE CONTROLS, PERSONAL PROTECTION

Engineering Controls	<i>None required</i>
Personal Protective Equipment	
Eye:	<i>None required</i>
Skin:	<i>None required</i>
Inhalation	<i>None required</i>
Other Controls	<i>None required for normal handling. Wash hands and arms thoroughly after handling.</i>

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	<i>limpid, brilliant and transparent liquid</i>
Melting Point	<i>NA</i>
Color	<i>green</i>
Boiling Point	<i>NA</i>
Odor	<i>characteristic fragrance and taste similar to standard</i>
pH	<i>5,50 ± 0,5</i>
Density	<i>1,010 ± 0,02</i>
Solubility in Water	<i>very soluble</i>
Odor Threshold	<i>NK</i>
Other Data	<i>None</i>
Physical State	<i>liquid</i>
Vapor Pressure	<i>NA</i>
Vapor Density	<i>NK</i>

10. STABILITY AND REACTIVITY

Possible Hazardous	<i>None known</i>
Reactions/Conditions	<i>None known</i>
Conditions to Avoid	<i>None known</i>
Materials to Avoid	<i>None known</i>
Hazardous Decomposition Products	<i>None known</i>
Other Recommendations	<i>This product is expected to be stable. Conditions to Avoid None for normal handling of this product.</i>

11. TOXICOLOGICAL INFORMATION

Oral Toxicity	<i>Not expected to be toxic following ingestion.</i>
Skin Effects	<i>Irritation might occur following direct contact.</i>
Eye Effects	<i>Irritation might occur following direct contact with eyes.</i>
Sensitisation	<i>Sensitisation (allergic skin reaction) is not expected.</i>
Genetic Toxicity	<i>Not expected to be genotoxic under occupational exposure conditions.</i>
Carcinogenicity	<i>No components are listed as carcinogens by GSK, IARC, NTP or US OSHA</i>
Reproductive Effects	<i>Not expected to produce adverse effects on fertility or development under occupational exposure conditions.</i>
Other Adverse Effects	<i>None known for occupational exposure.</i>

12. ECOLOGICAL INFORMATION

Summary	<i>No information is available about the potential of this product to produce adverse environmental effects. Local regulations and procedures should be consulted prior to environmental release.</i>
----------------	---

13. DISPOSAL CONSIDERATIONS

Disposal Raccomandations	<i>Perform waste disposal in compliance with all applicable regulations. Keep from reaching waterways. Collect for recycling or recovery if possible. The disposal method for rejected products/returned goods must ensure that they cannot be re-sold or re-used.</i>
Regulatory Requirements	<i>Observe all local and national regulations when disposing of this product.</i>

14. TRANSPORT INFORMATION

DOT classification	<i>Non-hazardous. The SDS should accompany all shipments for reference in the event of spillage or accidental release. Only authorised persons trained and competent in accordance with appropriate national and international regulatory requirements may prepare dangerous goods for transport.</i>
UN Classification and Labelling Transport Information	<i>Transportation and shipping of this product is not restricted. It has no known, significant hazards requiring special packaging or labelling for air, maritime, US or European ground transport purposes.</i>

15. REGULATORY INFORMATION

EU Classification and Labelling	<i>The information included below is an overview of the major regulatory requirements. It should not be considered to be an exhaustive summary. Local regulations should be consulted for additional requirements. Exempt from requirements of EU Dangerous Preparations directive - product regulated as a medicinal product, cosmetic product or medical device.</i>
US OSHA Standard (29 CFR Part 1910.1200)	<i>Classification This product is exempt from the requirements of the OSHA Hazard Communication Standard.</i>
Other US Regulations	<i>TSCA Status Exempt</i>

16. ADDITIONAL INFORMATION

	<i>None.</i>
